Should be Exercised With The Eyes.

Many cases have come to my notice where people have been duped by men here today and somewhere else tomorrow, which fact leads me to advise all persons needing attention given to their eyes to submit their cases to the resident Eye Specialist, who is known to all and who is here all the time to look after all his cases.

Washington, April 13—Ewart has been re-appointed.

THE WILKES BOND CASE.

Argument Begun Before Judge Purnell Yesterday Afternoon.

The argument of the famous and oft-tried Wilkes bond case was begun before Judge Purnell in the U. S. circuit court yesterday afternoon. Captain Chas. Price, representing the bondholders, made the opening speech. He spoke for two hours and a half, when court adjourned. His argument was able and convincing. A sensation was created among those present when Capt. Price disclosed a difference between the published opinion of Judge Douglas and the copy sent to the United States Supreme court

Capt. Price concluded his argument this morning, taking only a few minutes to review his argument of yesterday.

He was followed by Lawyer Finley, of Wilkesboro. The latter gentleman spoke only about forty minutes but made a strong speech.

He was followed by ex-Judge Avery who spoke for an hour before noon and resumed his argument at the opening of court this afternoon.

"IN THE SPRING

"The Young Man's Fancy Turns To Thoughts of Love."

There are evidences of spring at hand. We are not a sufficiently accurate interpreter of atmospheric phenomena to make the statement that the radiant season which has been so patiently and uncomplainingly waited for is really here—we only make the assertion that there are evidences of its presence. The weather for the past few days has been delightful. The balmy sunshine is gleaming, and the new-wakened birds are singing with keenest joy; the air is laden with the hyacinth's voluptuous perfume, and the delicate odor of the violet. The sweet south wind fans the cheek at nightfall, upon which is borne far-distant darkey songs. Cats quarrel in the soft, white moonlight, and soon the sentimental youth will sit in vine-covered arbors thumping the sad guitar.

Yes, spring has come—or let us hope so.

Small Crowd But Good Show.

The opera house last night contained an audience, the size of which was calculated to make the actor's heart anything but glad. The audience was so small, in fact, that those who went hardly expected that "Rip Van Winkle" would be presented when the management of the company saw the handful of people. But the company gave the show and it was very good. Mr. Glenn took the part of "Rip" and played it well, while his support was good. The company left this morning for Durham where they show tonight.

Mr. Cartland no Better.

The condition of Mr. Cartland remains unchanged. He rested some easier last night, but has not rallied from the stupor in which he has been for two or three days. His life is hanging by a slender thread.

City Democratic Convention.

The following places have been designated for the ward meetings:

1st Ward—Farmers' Warehouse.
2nd Ward—County Court House.
3rd Ward—Market House.
4th Ward—Banner Warehouse.
5th Ward—No. 112 Lewis street.
6th Ward—South Greensboro Graded School Building.

And on Friday night, April 28th, at 8 o'clock, there will be a general convention of the democratic voters in the court house to notify the nominations of aldermen made in the different wards and to nominate a candidate for mayor.

An All Star Aggregation.

One of the neatest lines of Oxford ties ever shown in Greensboro is now offered at Shrier's. Ordinarily it is difficult to procure a comfortable shoe under $1.50 or $2.00 as they are usually stiff and unyielding to the foot. Such is not the case with our $1.25 vici kid Oxford ties in black and colors made over the popular coin toe. These shoes are soft and flexible and guaranteed to give entire satisfaction. UNPLEASANT FOR GERMANY

So Matters Are Developing, Says The Cologne Gazette

KAISER'S GOVERNMENT REGRETS

The Samoan Occurrence And Urges The Adoption Of The Rule Of Unanimity.

By Wire to THE TELEGRAM.

Washington, April 13—The statement was made this morning at the German embassy that Baron Von Sternberg had been appointed a member of the Samoan commission. He is making preparations to leave Washington and hopes to be ready to sail on April 19, as planned. This disposes of the apparent uncertainty at the German foreign office that Von Sternberg would be ordered to Berlin.

The latest announcement now made makes it appear that the Kaiser's government has finally reached an agreement with the London and Washington officials. Of course the commission cannot now sail upon the 19th, but the statement indicates that soon after that date as possible the start to Apia will be made.

GERMANY NOT WEAK-KNEED.

Berlin, April 13—The Cologne Gazette says it cannot be denied that matters at Samoa are developing unpleasantly for Germany. The extraordinary deeds and words of the American and English representatives, notably those of the latter, shows hostility to Germany. What course the government has so far taken does not justify the suspicion that a weak-kneed policy wil be adopted.

GERMAN GOVERNMENT REGRETFUL

Berlin, April 13—Ambassador White stated this morning that the German government had expressed regret at the Samoan occurrence, and urged the adoption of the unanimity rule. Von Sternberg has been ordered to sail to Samoa as soon as possible, as his early arrival will prevent further serious bloodshed. This morning Von Bulow informed Ambassador White that an agreement had been reached and that the commission can sail without delay.

IF GERMANY RESISTS.

London, April 13—It is authoritatively stated from Berlin that order will not be restored at Samoa until England and America have withdrawn their warships. There is not yet diplomatic concert, but if Germany resists to the critical danger point, a joint Anglo-American note will be sent to Von Bulow.

SPANISH GUNBOATS CAPTURED

By the Rebel Who Stripped the Vessels of Guns and Ammunition.

By Cable to THE TELEGRAM.

Manila, April 13—Francisco Reyes, purchaser of Spanish gunboats, of the Island of Mindanaas, has received advices to the effect that the fleet which sailed for Manila returned a few days later with the vessels stripped of their guns and ammunition. The purchaser's agent and the native crews for the vessels went on board the American steamer Butnan, a convoy, and the U. S. cruiser Boston, enroute to Zamboanju. They were instructed to wait at that place for the arrival of the gunboat Petrel. But after the Boston sailed the Spaniards transferred the gunboats to Senor Reye's fleet, which left Zamboanju unescorted, but soon returned, reporting that it had been boarded by the rebels and looted. There were thirteen gunboats in the fleet.

Master of Trains McCarthy left here yesterday for Mocksville to meet other officials of the Southern and arrange a schedule for the Mocksville and Mooresville railroad to go into effect Sunday. It is probable that a regular passenger train will not be put on the new line just yet. It is predicted that only mixed trains will be put on now. It is also said that more work will have to be done on the track before heavy trains can be run on the line.

DOES GOV. RUSSELL TIRE?

Hinted That He Wants To Give Up The Governorship

AND LEAVE HIS NATIVE STATE.

His Recent Washington Trip Was For The Purpose of Urging Boyd's Appointment as Judge.

Special to the Telegram.

Washington, April 13—A story comes from North Carolina sources to the effect that an effort has, or is, being made to secure the appointment of Governor Russell to a government position in Washington. It is said that a movement was started some time ago for the appointment of Assistant Attorney General Boyd as judge to succeed Judge Ewart, and then promote Second Assistant Attorney General Thompson to Col. Boyd's place, and give Russell the latter's position. Governor Russell was in Washington about a week ago on business pertaining to the state, and the story is that the governor's mission was for the purpose of urging the appointment of Boyd as judge. At the department of justice inquiry was made Wednesday morning, but no one seems to have any knowledge of the movement. Second Assistant Attorney General Thompson and Assistant Attorney General Boyd were seen and both denied any knowledge of the reports concerning the appointment of Governor Russell Among other officials at the department of justice the general belief is that there is not much likelihood of the governor's receiving an appointment, though it is not doubted by his friends but that he would like to come to Washington and relinquish the governorship of the state.

After visiting Washington last week, the governor took a hurried trip to New York City and it is said he is contemplating the opening of a law office in that city, provided he fails in his effort to secure a federal appointment at Washington City. It is said that a former law partner of Governor Russell is now practicing law in New York City, and that if the governor determines to remove to that city that he will enter into partnership with him, and will give up his residence in North Carolina entirely.

The opinion among republicans from the state is that Russell will not seek a renomination to the governship.

The sessions of the Baltimore annual conference of the Methodist Episcopal Church, South, came to an end at 10 o'clock Tuesday night. The conference was largely attended by delegates from Baltimore, Maryland, the District of Columbia and Virginia. Much interest has been manifested in the sessions, the church being well filled at all of the meetings. Tuesday night the church was packed to the doors long before the final session opened, and it was found necessary to close the doors and refuse them to more spectators. The chief interest during the closing session centered in the assignments of pastors to serve during the ensuing conference year. As a rule the members of the conference express their satisfaction over their assignments for the next year.

During the session Tuesday night a telegram of sympathy was sent to the Rev. C. C. Addington, of Roanoke, Virginia, who is quite ill at his home. Dr. Addington was formerly a member of the Baltimore conference, but is now connected with the New Mexico conference.

Senator Daniel, of Virginia, has returned to his home at Lynchburg, Virginia, after spending several days here in attending the meeting of the Industrial Labor Commission, and in looking after departmental matters of interest to the state. Before leaving the city Senator Daniel expressed his opposition to the proposed primary plan for the election of United States senators, and it is said that he is also opposed to amending the constitution to allow senators to be elected by popular ballot. The senator is of the opinion that Senator Martin has the endorsement of a large majority of the democrats of this state, and will be re-elected.

It is announced at the civil service rooms that an examination will be held on May 26th at Wilmington, North Carolina, for the purpose of filling vacancies in the clerical list of the postoffice and also for postoffice inspector.

Special service has been discontinued in North Carolina at Lexine, Rutherford county, from Ellenboro, to take effect April 17th.

Gabriel L. Hardison has been commissioned postmaster at Thurman, North Carolina.

Mr. Miller, private secretary to Col. A. B. Andrews, of Southern railroad, stationed at Raleigh, North Carolina, was in the city the other day on a business trip. He also visited Alexandria, Virginia.

Postmasters have been appointed in North Carolina as follows: Aspen Grove, Rockingham county, William L. Witty; Biddleville, Mecklenburg, Hardy J. Ryan; Bulla, Randolph, Robert Z. Clark; Eden, Randolph, Mrs. Julia Andrews; Edwards Crossroads, Alleghany, Mrs Martha Hudson; Harper, Johnson, W. K. Brant; Mangum, Richmond, Mrs. Fannie Ballard; Pett, Wake, T. B. Coley; Villanow, Moore, J. W. R. McDonald; Watsonville, Rowan, Esther E. Bart.

COME SOUTH, YOUNG MAN!

The following piece of advice is given in a recent number of Leslie's Weekly, of New York, which we very pleasurably reproduce:

"More money has been made in the southern states in the last twenty years than will be made in the next fifty years in Cuba, Porto Rico and the Philippines, and the chances for money-making in the south have only commenced. The price of iron for the world is now made at Birmington, Ala., and that city will shortly make the world's price of steel. The south's industrial evolution, which began with the development of its iron industrtes, includes machine shops and factories, steel plants and hardware factories. The 3,000 new industries which have sprung up during the past year include fertilizer and phosphate works, woodworking factories, furniture, vehicle, agricultural and miscellaneous works, textile, flour and cotton seed oil mills, gas and water works, telephone systems, electric light and power, and ice and cold storage plants, canneries and hundreds of miscellaneous plants Nearly every southern state has increased its railroad mileage during the past year, and every southern harbor has strongly increased its export trade. * * * If you seek new fields of opportunity, go south, young man!"

Once the great west was pointed out as the goal of riches for the young man to reach—but for the past few years it has been the custom of the shrewd northerner to advise the aspiring youth to turn south in search of his fortunes, and grow up with the country, and now the counsel has an enhanced value in view of the recent opening up of our new fields in Porto Rico, and in Cuba. The young man with aspirations for wealth who has listened to and been deluded with the Utopian tales of Porto Rico, should well consider the magnificent possibilities that lie within reach of his grasp in the great Sunny South before he sets sail for any distant, unfamiliar clime. There are many and various conditions in Porto Rico that one with no experience would hardly be able to cope with; associations that would be highly uncongenial to his American nature.

The young man of the north with character and brains and money and determination is wanted in the south. We give all such a cordial and standing invitation to come and live with us and lend assistance in developing the greatest country on which ever shimmered the sunlight of heaven. We have the best climate in the world; the best people in the world; social conditions that are of the first grade; undeveloped resources that only need the touch of the master hand to yield to the possessors magnificent wealth. We have thousands of infant industries that are capable of being expanded to unthought-of dimensions.

Come south young man! you will find a warm welcome. The virgin forest stands for your coming and the untouched mine is waiting you with all its wealth. A judicious investment of money or a strong, steady and wise application of brains and energy—and riches and affluence yield to their conqueror

---

The Samoan trouble grows in seriousness. The death and wounding of ten or twelve Americans and Englishmen, as mentioned in our press dispatches yesterday, went a good way towards complicating the situation. Though Germany insists upon her blamelessness, it is stated that our men and Britain's who were killed owe their death to the untoward action of German Consul Rose. Where'er the blame may rest, it is patent that our men sustained their reputation in the hour of danger, and the fact that the United States and England fought side by side and at last, covered with everlasting glory, the American died in his brave Anglo-Saxon brother's arms, sends the hot blood tingling clear down to one's toes.

THE GUILFORD COUNTY ROADS.

Letter to The Trustees—Meeting First Monday in May.

Greensboro, N. C., April 10, '99.

To the Trustees of the Public Roads of Guilford county:

Dear Sirs:—We mail you some copies of the road law with amendments, and wish to call your attention to same in respect to your duty as trustees.

The law requires trustees to meet on the first Monday in May (see sections 2 and 3), and lay out roads in sections and appoint supervisors for each section. We trust there will be a full attendance at the May meeting, and that you urge upon the supervisors the importance of this work, calling their special attention to sections 3, 5, 6, 7, 8 and 20.

There seems to be an impression in some townships that no local work on the public roads is required since the convict force began work, but this is a mistaken idea. It will be impossible for the public roads to be kept in shape unless we have a local force on each section to look after same; unless the trustees and supervisors take an interest in the work and try to keep their sections in shape, it will be useless to have roads graded by convicts. It is the intention of the commissioners to try to run the scrapers over all the roads that have been put in condition for same, but all the work cannot be done by the scrapers, and we urge you to co-operate with us in this work, that we may get our roads in better condition. Have your roads gone over now as soon as possible, fill up the holes, and get the roads in shape; and if it can be run over with a scraper, we will do this just as soon as it can be reached. Supervisors should go over their roads often and clean out the culverts, as a little work at the right time in this way will save your roads from being washed badly during heavy rains. Local co-operation by the trustees and supervisors with the board of county commissioners has done much to make the Mecklenburg road law a success in Mecklenburg county.

Should you need more copies of the road law, call or write Mr. A. G. Kirkman, register of deeds, Greensboro, N. C.

Respectfully,
W. C. Boren, Ch'm.
W. H. Ragan,
W. C. Michael,
Commissioners.

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of the vital organs. If the liver is inactive you have a bilious look; if your stomach is disordered you have a dyspeptic look; if your kidneys are affected you have a pinched look. Secure good health and you will surely have good looks. "Electric Bitters" is a good alterative and tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at C. E. WHITSETT COMMENCEMENT.
May 14th-17th—Annual Sermon and Address By Greensboro Men.
In the selection of speakers for the annual commencement of Whitsett Institute, President Whitsett has shown rare good judgment and has well ignored the idea that one must go away from home to get the best preachers and speakers. Rev. Dr. L. W. Crawford, editor of the North Carolina Chistian Advocate, will preach the annual sermon on May 14th and Dr. Charles D. McIver, president of the State Normal and Industrial College, will deliver the literary address. Superintendent of Public Instruction C. H. Mebane, will present the diplomas. The annual reunion of literary societies will be May 16th and May is 17th commencement day.

Men's tan and black vici kid and Russia calf shoes at $3.00 and $3.50. No shoes ever bought in Greensboro compare with these; as to fit, wear and comfort, try a pair at Shrier's, 216 South Elm street.

Mayor VanWycke has been notified that the Raleigh will reach New York on the morning of April 15.

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children. —W. A. Stroud, Popomoke City, Md. For sale by C. E Holton.

While riding a railroad velocipede Augustus Rosenbaum, Sr., and Max Trineski were killed by a train near Lacrosse, Ind.

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft-repeated experience of trust-worthy persons may be taken for knowledge. Mr. W.M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. We respectfully announce that Messrs. We gladly recommend these young men to all who may need their services, and with the assurance that you will get value received. The Pressing Club's force is composed of expert tailors—every individual an artist in his line.

A trial will convince you further than our statement. Give them your work. Very Respectfully,

CITY vs. SOUTHERN RAILWAY.

For Blocking South Elm Street Crossing Yesterday Noon.

Officer Jordan served a warrant on the Southern Railway Company yesteday afternoon for violating the city ordinance concerning the blocking of street crossings. Number 36 stood on the crossing for 20 minutes yesterday. The passenger and Pullman cars were left standing on South Elm street crossing while the engine was shifting. Officer Jordan warned the conductor but the latter claimed that he had nothing to do with his train while in the yard limit.

The case will be tried in the mayor's court this afternoon. One has no better time to observe the amount of business done on a street than when it is blocked for a few minutes. South Elm was crowded with vehicles for some distance in both directions yesterday and when the train pulled out the confusion of passing was great.

Try a pair of our $1.25 or $1.50 Oxford ties for ladies. These shoes have ease, grace and comfort combined in one. Shrier's, 216 South Elm street.

Our "Foot-Form" Shoes

are masterpieces of fine shoe making. They will cure your bunions, corns and tender feet. Bring us your feet. Carolina Shoe Co.

Shrier's First Offerings.

We take pleasure this season in presenting for your consideration what we consider the finest assortment of Form-Fitting Shoes for men and ladies, misses and children, ever shown in Greensboro.

Our lines for Spring are now complete and only await the prestige of your approval.

Every new idea in quality and finish, ease and comfort, grace of style and excellence of workmanship are embodied in this season's production.

Owing to our central location and the nominal expense required to conduct our business, we are enabled to sell our goods 25 per cent cheaper than any house in Greensboro, quality and make considered.

The question where to buy good and reliable goods at the right price is a very important one. We feel if you call on us, we can answer the question to your entire satisfaction, and make a lasting impression besides.

Do not be deluded by the thought that the assortments in the large cities are greater. True, the quantity is greater, but the assortment is no better, and the price is correspondingly higher, owing to the increased expense.

Kindly call on us at your earliest convenience and allow us to prove to you that these statements are true.
